

# TeleFTP

**Distribute NonStop reports via efficient FTP protocol**

TeleFTP automates the transmission of NonStop Server files and Spooler reports to FTP Servers. Besides FTP Client capability, TeleFTP also includes options to convert data to different formats prior to transmission, including: PDF, HTML and ZIP. TeleFTP is built on TIC's Tele2000 architecture, which offers flexibility, high performance and scalability.

## NonStop Server-based

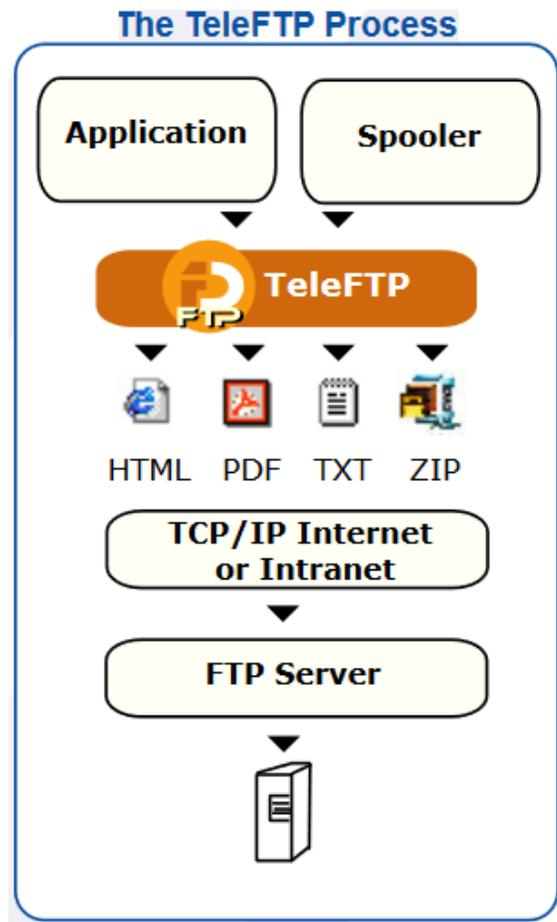

TeleFTP runs on HP NonStop Server and requires no other external hardware or software. All the software components are built utilizing reliable NonStop Server technology that you are already familiar with.

## Secure and High Performance

TeleFTP is built to provide high-speed file transfer reliably and error free. It comes with detailed error logging and configurable retry mechanisms. TeleFTP also offers Secure Option to support FTP protocol over TLS.12 encryption. The Tele2000 architecture that TeleFTP is based on allows scalable configurations to fit throughput requirements.

## GUI Tools

TeleFTP comes with a Graphical User Interface (GUI) Installer to facilitate installation of software on the Non-Stop Server. In addition, a GUI Management Console allows for monitoring of FTP activities and process status.

## Key Features

- TeleFTP saves Operation team time and effort by automating transmission of NonStop data to remote FTP Servers.
- TeleFTP provides many flexible configuration options to fit your FTP requirements.
- TeleFTP GUI Admin tools make it easy to monitor and manage the environment.
- TeleFTP can be extensible through the use of Tele2000 API.
- TeleFTP supports TLS 1.2 encryption.

## About TIC Software

TIC Software is a leading technology product development and consulting services company. TIC draws from a rich NonStop heritage, while focusing simultaneously on future proofing solutions for our customers.

Committed to always putting the customer first, TIC acts as a trusted advisor in providing best of class products - secured through privileged partnerships and/or developed in house - as well as curated support, training, and strategic planning.

TIC continues to believe that community and education are the building blocks of the NonStop community and distinguishes itself by incorporating these tenets into each and every business approach.
